

Brockwell Park, Summer Event Series 2021

WIDE AWAKE - Friday 3rd September 2021

MIGHTY HOOPLA – Saturday 4th September 2021

CROSS THE TRACKS – Sunday 5th September 2021

This letter will give you key information about the 2021 Summer Event Series in Brockwell Park. The series of events includes Wide Awake, Mighty Hoopla and Cross The Tracks. These events will be taking place in Brockwell Park on 3rd - 5th September 2021.

Below, we have outlined the steps we are taking to minimise the event's impact on local residents, and how to get in touch with us during the event period.

Event Set Up & Site Arrangements

Preparations for the event will begin on Tuesday 24th August and the dismantling of the event site is scheduled to be complete by Sunday 12th September, after which the organisers will hand the site back to the council. Prior to handing the site back we ensure that all remaining public spaces are clean and returned to the best possible standard.

A key pathway that allows a crossing point between the tennis courts and Brockwell Hall will still be accessible during the majority of this time from 8am-8pm, only closing for safety and security reasons on Wednesday 1st September – Monday 6th September.

Please access the Resident FAQs on the Community page of the events website: www.mightyhoopla.com/info for more information of the pathways that will be left open during the events occupancy on site.

Sound Management

As organisers, we are required to ensure that noise from the events is controlled to limits agreed with the local authority. A team of acoustic consultants monitor levels on both the Lambeth and Southwark side of the park.

The sound systems will be tested the day prior to the events taking place to ensure that they do

not exceed the noise limits included within our premises licence. There will be a further brief period of testing on the morning of each event. If you have concerns about noise levels directly generated during the period of the event, you can contact the Resident's Hotline via the number listed below in this letter.

Impact of the Event

The egress plans include the cleaning and waste removal from the surrounding streets, temporary toilets positioned at key locations along the exit routes for the audience leaving the park each night and security deployment to manage anti-social behaviour. The event itself will be provided with adequate toilet facilities for the number of people that are likely to attend. During the event, the organisers will work closely with the police and other statutory bodies, meeting regularly to respond quickly and effectively to issues raised by residents.

If you are concerned about any aspect of the event please contact our Resident's Hotline. Any issues presented to this hotline will be passed on to the organisers and the local authority who will ensure that they are dealt with swiftly.
